Observed rainfall anomaly during the month of October 2024

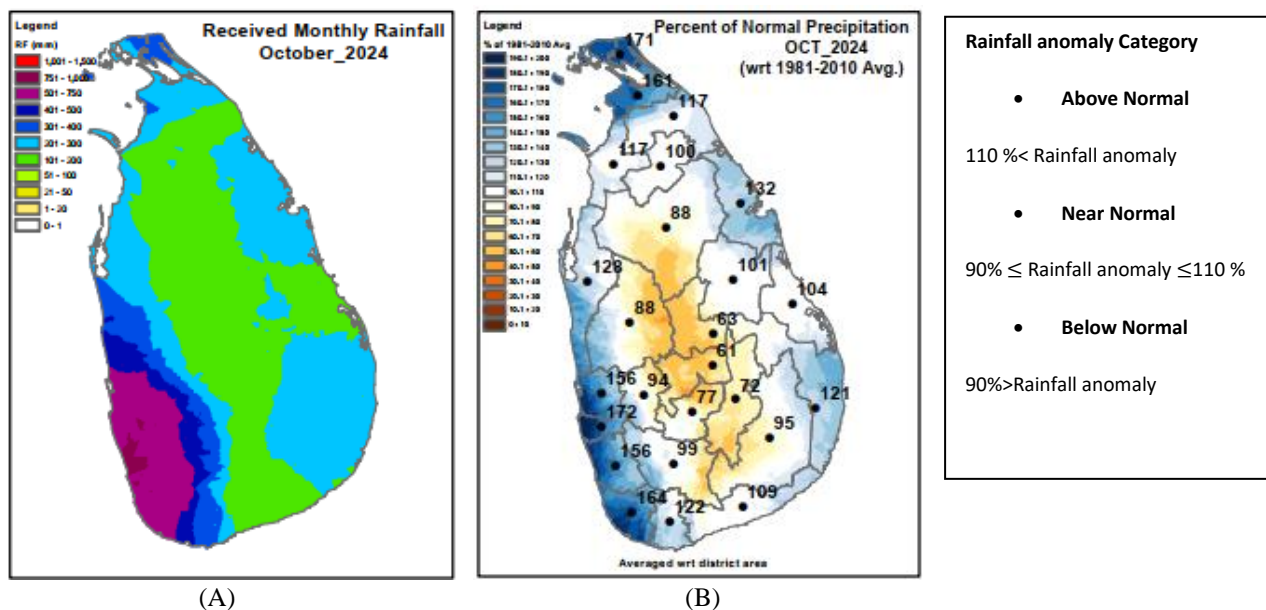

Fig 1: Observed rainfall during the month of October 2024

According to the available rainfall data in the Department of Meteorology, below normal rainfalls were reported from Anuradhapura, Kurunegala, Mathale, Kandy, Nuwara Eliya and Badulla districts. Near or above normal rainfalls were reported from other parts of the country during the month of October 2024. Figure 1(A) shows the observed rainfall and 1(B) shows the observed rainfall anomaly compared with long term average (1981-2010) during the month of October 2024.
